### **Senator Leah Vukmir: Statement on the passing of Kitty Rhoades**

MADISON, WI — Senator Leah Vukmir (R-Brookfield) issued the following statement on the passing of Department of Health Secretary Kitty Rhoades, former member of Wisconsin's 30<sup>th</sup> Assembly district:

"During my tenure in the Wisconsin Assembly I cannot recall a colleague who was more determined than Kitty, a quality of hers I admired greatly. She was an intelligent and well-respected woman whose sharp wit and candor left a lasting impression, one that will certainly live on.

"Wisconsin was fortunate to have her play a vital role in shaping state government and health policy. Kitty was a constant model of how to lead with passion, tenacity, and class. My prayers are with Secretary Rhoades' family as we commemorate her life and mourn her passing."
